Organization of New Ministry Entrusted to Aristide Briand, Who Acts as Premier and Head of Foreign Affairs.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Paris, Oct. 29 (AP) (5:50 p. m.)—A new French cabinet, headed by Aristide Briand as premier and minister of foreign affairs, came into existence tonight. This is the first time in the history of the French republic that there is a coalition ministry of all the opposing parties and factions. It follows closely on the recent innovation of forming a British coalition cabinet of conservatives and liberals.

The action taken today in forming the cabinet, was the culmination of a deep popular sentiment that at the extreme crisis of the war party divisions should give way to united action by all the parties in common support of the government. As the result of the popular sentiment, the cabinet of Aristide Briand, who is known as "the grand old man of the republic," is the largest ministry in the history of the French republic.

Remarkable in Personnel.
The resulting coalition is remarkable in personnel, including such venerable figures as Charles de Broqueville, who was one of the founders of the republic in 1870, Jules Méline, a former premier who instituted the protective system of France, and Leon Bourgeois, who is known as "the grand old man of the republic."

The modern element is represented by conspicuous leaders of all the political groups of the country. The new cabinet brings together France's elder and younger statesmen. The new cabinet also is notable in having the popular military leader, General Gallieni, as the head of the war office, and Admiral La Caze, as head of the ministry of marine, both of them replacing civilians.

Extent of Coalition.
The extent of the coalition is shown by the following representations from the various parties:

The radical party is represented by M. Bourgeois, a former premier; M. Combes, a former premier; and Rene Reinhold, one of the foremost parliamentary leaders of the party.

The republican radicals have as members M. Briand, M. Viviani and Professor Painleve.

The socialist group is represented by Jules Guesde, who has been the chief head since the death of Jean Jaurès, and by Marcel Sembat and Albert Thomas, prominent socialist leaders.

The democratic left has as members Gabriel Guithaus and Joseph Thierry, while the radical right is represented by Dorey Cochon.

All Parties Represented.
This embraces all the parties and groups in parliament, which for years have been arrayed against each other. Freycinet, Meunier and Alexander Ribot belong to the old school of moderate tendencies and are not identified with any of the parliamentary groups.

The designation of Jules Cambon, former ambassador at Washington, Madrid and Berlin as secretary general to the minister of foreign affairs, is another innovation in the new cabinet as it places an ambassador of wide experience for the first time in the responsible direction of foreign questions.

The organization of the new cabinet was rapidly consummated during the day. The old cabinet headed by M. Viviani resigned at 11 o'clock, this morning and within half an hour M. Briand was holding a conference with the men who were to form the new government. They assembled again this afternoon and finally assigned men to several of the lesser positions.

The cabinet will proceed in a body to the Elysee palace tomorrow for its first conference with President Poincaré and later will formulate a ministerial declaration of policy.

El Paso, Tex., Oct. 29.—The Villa forces in and around Chihuahua City, number not more than 2,000 men, according to reports from the south today, who declare that last night while entering Durango, they were passed by a lone troop train hurrying south to Chihuahua.

Reports from Villa Ahumada are that more than 900 soldiers deserted the detachment of Villa troops, started out of there two weeks ago to join General Villa at Casas Grandes, via an old Mexican train. The line of march to Casas Grandes, it was said, was marked by dead horses and discarded equipment of the soldiers, sixty rifles being picked up on one ranch.

Husband Slaughters His Wife's Parents, Brother-in-law, 18-Months-old Daughter, His Wife and Attempts Suicide.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Boise, Idaho, Oct. 29.—William Cameron, mail carrier between Pocatello and Carey, Idaho, shot and killed his wife's parents, Mr. and Mrs. John Adamson, his brother-in-law, James Adamson, his 18-months-old daughter, aged 18 months, and his wife, and finished his work by shooting himself in the head at Carey tonight. Cameron was still alive at last reports, but there were no prospects for his recovery. All of his victims were shot in the head, and with the exception of James Adamson all died instantly.

Cameron, whose wife was suing him for divorce, came to the Adamson home in search of her. He entered the kitchen door with a revolver in his hand. Adamson, senior, who had the baby girl in his arms, started to disarm him and was shot in the head and instantly killed. Cameron then pursued the others and shot them all down with the exception of Adamson's unmarried daughter, Edith, and Cameron's three other children, who escaped.

The body of Mrs. Cameron was found shortly before midnight in an outhouse. She, like Cameron's other victims, had been shot through the head and instantly killed. Beside her lay Cameron himself with a bullet in the head and probably fatally wounded. The three other children of the Adamsons and Edith Adamson, all of whom fled with Mrs. Cameron when the shooting began, were found unhurt.

Cameron was recently arrested for an assault on his wife and given a jail sentence. Through the influence of friends he was released in a short time and had been brooding over his domestic troubles since.

New York, Oct. 29.—Chairman of both the democratic and republican national committees tonight issued calls for meetings in Washington to select cities for the coming national conventions. The democrats will meet on December 7 and the republicans December 14.

In addition to issuing his call, Chairman Charles D. Hilles, of the republican national committee, set forth the probable line of campaign to be followed by his party. It will include Republicanism, Democracy, Progressivism, Efficiency, Economy, and Justice.

An attack on the democratic tariff, criticism of the administration's handling of the affairs in Europe and Mexico.

Attacks on the administration's ship bill and other administration measures.

Plenty of Candidates.
Mr. Hilles declared there was no lack of interest in the presidential race. Active organizations are in the field for Scantons, Burton, Weeks, Cummings, Smith and Starnes. Others who have strong followings, he said, are Justice Hughes, John W. Foster, Philander C. Knox, Charles Warren Fairbanks and Governor Brumbaugh of Pennsylvania. He also added that President William Howard Taft will not consider another nomination for the presidency.

Besides selecting a convention city, the republicans will arrange for the appointment of the various state committees and make other arrangements for the campaign.

Convention City Bids.
Chicago, St. Louis and Dallas, Tex., have applied for the democratic convention. The two first named have offered to meet all the expenses of the national convention. Dallas has offered the use of an auditorium and a bonus of \$100,000.

The date for the meeting of the committee was set after Mr. McCombs had conferred with President Wilson on the subject. The date was set for the president, Mr. McCombs said. The chairman also issued a statement saying that he regarded the date as appropriate inasmuch as it would come in the first week of a new democratic year.

In addition to naming a new convention city, the committee will decide all contests regarding membership of the committee and devise ways and means for raising money for the campaign. The contest will be held before and after the convention. At present there are only two contests in sight, one from Kentucky and the other from Oregon.

Carranza Is Notified That Must Be Vigorous Efforts Made to Hunt Down Bandits Annoying Texas.

VILLA WARNED NOT TO MOLEST AMERICANS

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Washington, Oct. 29.—Representatives have been made to General Carranza by the United States asking for positive orders to military authorities in the vicinity of Matamoros to prohibit all Mexican soldiers from molesting Americans in the American territory. It is understood that such orders already have been issued.

The state department received today the latest of a series of dispatches from the Villa government in Sonora, against the transportation of Carranza troops through American territory. There will be no response to Randall, but the communication is understood to contain the information that General Villa, as a consequence of the movement of Carranza troops through American territory, would not hold himself responsible for the protection of Americans in Sonora. The state department is understood to be instructed to inform Villa officials that the recognition of the de facto government will not relieve them of personal responsibility for injury to citizens of the United States.

Officials here are watching the situation at Agua Prieta. Reinforcements for the Carranza forces, it is expected, will arrive in time to meet the Villa attack, and possibly take the offensive, preventing a battle near the international line. The state department is understood to be instructed to inform Villa officials that the recognition of the de facto government will not relieve them of personal responsibility for injury to citizens of the United States.

UKUP'S RECAPTURE UNCONFIRMED

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
There is no change in the southern front of Serbia as far as is known. The report that Ukup has been recaptured is not confirmed. The French, however, claim to have cleared the Bulgarians out of the Velest district. This, if true, would render Ukup an unsafe place for the invaders in the opinion of military men.

In what other way Serbia is to be assisted has not yet been disclosed. Some British troops are co-operating with the French in the south, and others are on the way, but where they will be used remains to be seen.

RUMANIA PLAN UNDISCLOSED

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Russia's plans have not yet been disclosed, although from German sources it is reported that Rumania is about to throw in her lot with the entente allies and will allow the passage of half a million Russian troops through her territory to attack Bulgaria from the north. Greece has assumed the attitude of neutrality. To them and has pointed out that she already has given them assistance by requesting the landing of their troops at Salonika.

LITTLE CHANGE ELSEWHERE

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
On the other fronts there is little or no change in the situation. In the west, further engagements remain the chief method of warfare although there has been some trench fighting. In the east the battle is still raging for Riga and Dvinsk, which for nearly two months, Field Marshal von Hindenburg has been endeavoring to reach, first from one point and then from another. During the past week, the Germans have poured a perfect rain of shells on the Russian positions along a front of 150 miles from the north of the Dvina to the south of the Dvina. The Russians are falling back a little in the north they have generally held firm and returned shot for shot, which is taken here to indicate that their supply of ammunition is not exhausted.

On the Balkan front, the Russians are steadily advancing and are approaching the Vilna-Dvinsk railway. In the south they also continue harassing the Austro-Germans by frequent thrusts. Emperor Nicholas and his son are visiting General Janoff in this region.

At the Germans are reported to have sent a part of General von Lossow's army from this region to the Rumanian frontier to guard against a
